PROFILE SUMMARY

A final-year Computer Science (Interactive Media) student with hands-on experience in UI/UX design, web development, multimedia content creation, and data analysis. Proficient in Adobe Creative Suite, HTML/CSS, JavaScript, UX research methodologies, and Excel-based data visualization. Developed and optimized 10+ UI/UX and web development projects, including interactive AR applications and digital branding solutions. Currently learning **Next.js, React, Tailwind CSS, and Framer Motion** to expand front-end development expertise. Also a **beginner in Figma** with an **intermediate proficiency in Bootstrap**. Thrives in fast-paced environments and is eager to contribute innovative digital solutions. Available to start in April or May 2025 upon internship completion.

EDUCATIONAL BACKGROUND

Universiti Teknikal Malaysia, Melaka (Year 4)
Bachelor Degree of Computer Science (Interactive Media) | GPA: 4.00, CGPA: 3.38
[September 2021 – present]
